Dear Al:

I promised to contact you early in March in regard to the number of sessions I'll require for the ANA auction.

The volume of consignments has been quite heavy, and and frankly I'm in absolutely no position at the moment to make a decision. I would appreciate it, therefore, that you keep all the time possible open until I can work things out.

I promise I will let you know as soon as I can arrive at a conclusion. This of course, will have to wait until most of the cataloging has been done.

Best wishes,

Cordially,

A. Kosoff
